**Location:** The property is situated on Burscough Industrial Estate at the junction of Langley Road and Langley Place.

The A59 is approximately 1 mile to the east via Higgins Lane, providing access to Ormskirk, Preston and Liverpool. Surrounding occupiers includes Clarke & Pullman Limited, Bachy Bauer Soletanche, Fuel Injection Services and Bosch. Junction 27 of the M6 is approximately 9 miles to the east accessed by the A5209 which in turn provides access to the M58 to the south and the M61 and M65 to the north.

Burscough is situated in West Lancashire to the north of both Ormskirk and Skelmersdale and approximately 16 miles north of Liverpool and 15 miles south of Preston, both of which are accessed via the A59.

**Description:** The property comprises of 2 separate industrial sites located on Langley Road these include the main site which has a warehouse fronting Langley Road together with a three storey wrap around offices located at the southern elevation.

Further units are located to the northern and western boundaries of the site set around a central yard area. To the perimeter the site is generally bound by palisade fencing and staff parking is located to the southern boundary, accessed off Langley Place and comprises of tarmac surface car parking area which is accessed via Langley Place.

Typical specification provides steel portal frame construction with steel profile clad elevations together with a similar cladding to the roof incorporating translucent roof panels. Again the typical specification is concrete floor with sodium lighting. Some of the units provide gantry cranes and typically access is by way of steel roller shutter doors.

With the exception of the main warehouse area, which is heated by a double hot air blower, the majority of the units are unheated.

In respect of the office accommodation internally the typical specification includes painted and plastered walls and ceilings together with appropriate fluorescent strip lighting, heating is by way of electric storage heaters and access to the upper floors is provided by way of the concrete return staircase.

**Accommodation:** Please refer to the attached plan detailing the proposed units. These units are available on minimum 3 year lease terms and separation would commence on exchange of agreement to lease. Further details on application.

**Rent/Price:** Quoting Rental: The accommodation is available to quoting rental from £3.50 per sqft exclusive of all other outgoings. Quoting Price: On application to the joint sole agents.

**VAT:** All prices and rentals where quoted are exclusive of VAT. We understand however prices and rentals are subject to VAT.

**Legal:** Purchasers and Ingoing tenants will be responsible for their own legal fees.

**Business Rates:** The tenants/occupiers would be responsible for the business rates. The units as proposed will require re-assessment.

**Viewing:** For further information or to arrange a viewing please contact agents Fitton Estates reference Graham Bowling 01704 500345.

# Energy Performance Certificate

Non-Domestic Building

A1-A7  
Clayton Commercials Ltd  
Langley Road  
Burscough Industrial Estate  
ORMSKIRK  
L40 8JR

Certificate Reference Number:  
0732-0337-3649-1929-8006

This certificate shows the energy rating of this building. It indicates the energy efficiency of the building fabric and the heating, ventilation, cooling and lighting systems. The rating is compared to two benchmarks for this type of building: one appropriate for new buildings and one appropriate for existing buildings. There is more advice on how to interpret this information on the Government's website [www.communities.gov.uk/epbd](http://www.communities.gov.uk/epbd).

## Energy Performance Asset Rating

More energy efficient

.....Net zero CO<sub>2</sub> emissions

**A** 0-25

**B** 26-50

**C** 51-75

**D** 76-100

**E** 101-125

**F** 126-150

**G** Over 150

Less energy efficient

◀ **182**

This is how energy efficient the building is.

## Technical Information

Main heating fuel: Oil  
Building environment: Heating and Mechanical Ventilation  
Total useful floor area (m<sup>2</sup>): 2371  
Building complexity (NOS level): 3  
Building emission rate (kgCO<sub>2</sub>/m<sup>2</sup>): 184.12

## Benchmarks

Buildings similar to this one could have ratings as follows:

**24** If newly built

**64** If typical of the existing stock

## Green Deal Information

The Green Deal will be available from later this year. To find out more about how the Green Deal can make your property cheaper to run, please call 0300 123 1234.
